UA Researcher Receives ASTA Award

The Arkansas Science & Technology Authority (Authority) recently issued a grant of \$30,320.00 to Dr. D. M. Ivey, effective May 31, 1995.

Dr. Ivey is researching "Characterization of a Cytochrome b/c1 (b6f) Complex from *Bacillus Alcalophilus*, a Gram-positive Bacterium" at the Department of Biological Sciences, University of Arkansas, Fayetteville.

The Authority's Board of Directors approved funding of the proposal, Resolution No. 95-39, May 19, 1995. The award is for a one-year period.

The Arkansas Science & Technology Authority serves as a statewide funding resource for high quality scientific and technological projects. The Authority endeavors to bring the benefits of science and technology to the people and state of Arkansas through scientific research, technology development, business innovation and education.
