UAMS Researcher Receives ASTA Grant

The Arkansas Science & Technology Authority (Authority) recently issued a grant of \$34,300.00 to Dr. Ali F. Krisht, effective May 31, 1995.

Dr. Krisht is researching "Somatostatin's Inhibition of the Proliferation of Brain Tumor Cells by Manipulation of Insulin-like Growth Factor or Insulin-like Growth Factor Binding Proteins" at the Department of Neurosurgery, University of Arkansas for Medical Sciences, Little Rock.

The Authority's Board of Directors approved funding of the proposal, Resolution No. 95-37, May 19, 1995. The award is for a one-year period.

The Arkansas Science & Technology Authority serves as a statewide funding resource for high quality scientific and technological projects. The Authority endeavors to bring the benefits of science and technology to the people and state of Arkansas through scientific research, technology development, business innovation and education.
