UA Mechanical Engineering Researcher Receives ASTA Grant

The Arkansas Science & Technology Authority (Authority) recently issued a grant of \$22,479.00 to Dr. Glynn P. Adams, effective May 31, 1995.

Dr. Adams is researching "Generalized Model of Compression Loads in Screw Compressor Mechanisms" at the Department of Mechanical Engineering, University of Arkansas, Fayetteville.

The Authority's Board of Directors approved funding of the proposal, Resolution No. 95-39, May 19, 1995. The award is for a one-year period.

The Arkansas Science & Technology Authority serves as a statewide funding resource for high quality scientific and technological projects. The Authority endeavors to bring the benefits of science and technology to the people and state of Arkansas through scientific research, technology development, business innovation and education.
